Traditional classes are exactly what you might expect. In this format, the instructor and students gather in an on-campus classroom at a scheduled time.

Blended classes mix the traditional course format with virtual or online formats. There is a scheduled class time, but you'll spend some days in the classroom, and some days in an online learning space.

Virtual classes are similar to traditional classes but instead of meeting in the classroom you meet in a live video call at a scheduled time.

Learn Anywhere courses are taught in the classroom at a scheduled time but can also be accessed in a virtual format. Attendance at each class session is mandatory but you have the choice of whether you'd would like to attend in-person or virtually on a week-to-week basis.

Online classes are where there is no scheduled class meeting time but you have plenty of opportunity to interact with your instructor through IvyLearn. Course assignments will be assigned and completed through your IvyLearn class page on a weekly (or regular) basis.
